Credit Cards Available as Payment Method

We now offer credit cards as an additional payment method for CILC policies. Your clients can choose to pay their premiums by Visa or MasterCard on a monthly, quarterly, semi-annual, or annual mode by completing the attached Pre-authorized Credit Card Payment Request. The payments can only be made with a single credit card and will be recurring unless we receive notice to change the method of payment.

Note: If your client chooses to pay monthly, two month's initial premium must be submitted by check, money order, or wire transfer.
